MEMORANDUM FOR: DEPUTY ASSISTANT DIRECTOR FOR OPERATIONS

1. Reference our telephone conversation on 9 December the following is an extract from General Willoughby's letter to General Smith:

"As per previous understanding, I am now in a position to turn over to your people, for library or case-history work, copies of the Japan printed 'Documentation of the Sorge Case'. This is a paper-bound, card-board jacketed piece of several hundred pages, print, app 7x10. You have a personal copy, I believe.

"There are 150/200 copies in book-containers or foot lockers, carefully packaged in water-proof bundles, for long storage.

"Perhaps, your local people could pick them up, or if shipping instructions are furnished me, I will have them expressed."

2. The Director has asked that the printed material referred to in General Willoughby's letter be picked up and delivered to AD/CD for storage and such dissemination within the Central Intelligence Agency as deemed appropriate.

3. Please advise me when this material has been received.
